The single most untapped competitive advantage is teamwork.

To gain this advantage, teams must:

- ▶ Trust one another
- ▶ Engage in **Conflict** around ideas
- ▶ **Commit** to decisions
- ▶ Hold one another **Accountable**
- ▶ Focus on achieving collective **Results**

What does this program do?

The program helps teams understand how they score on the key components of The Five Behaviors model: **Trust, Conflict, Commitment, Accountability, and Results**. Individual team members will learn about their own personality style and the styles of their team members—based on the Everything DiSC® model—and how their style contributes to the team's overall success.

A productive, high-functioning team:

- ▶ Makes better, faster decisions
- ▶ Taps into the skills and opinions of all members
- ▶ Avoids wasting time and energy on politics, confusion and destructive conflict
- ▶ Avoids wasting time talking about the wrong issues and revisiting the same topics over and over again because of a lack of buy-in
- ▶ Creates a competitive advantage
- ▶ Is more fun to be on!

The Five Behaviors And Your Team

Remember, the five behaviors can be relatively challenging to achieve. Individually, the word trust often does not imply the same meaning to everyone. The definition that combined each member's behavior based on each member's unique personality, history, or the context of the team.
